

# Electrofusion Control Units

Product code 3\_0207\_103

## POLYMATIC PLUS (USB)

Technology	Phase-angle control
Input voltage, -frequency	230 V AC (190-300 V), 50/60 Hz (40-70 Hz) 110 V version on request
Output voltage	8-48 V AC
Welding parameter input by:	
Barcode	Yes, reading pen (scanner on request)
SmartFuse	Yes
Manual (U, t)	Yes (8-48 V, 0-9999 s)
Interface, data recording	USB (USB memory stick), Yes (approx. 1000 reports)
Display	4x20 characters, small, backlight (also available in large)
Welding cable length	5 m (different lengths on request)
Welding terminals	4.0 mm (different sizes on request)
Welding cable mounting	Detachable (fixed cable on request)
Additional information	Also available with a flightcase
Scope of delivery	Electrofusion control unit, plastic transport box
Transport weight	24.5 kg
